

Announcing

THE CQ WORLD WIDE SSB CONTEST

April 8-9, 1967

I Contest Period: 0000 GMT Saturday, April 8th to 2400 GMT Sunday, April 9th, 1967. Only 30 hours out of the 48 hours permitted for Single Operator stations. The 18 hours of non-operation may be taken in one, two but not more than three periods anytime during the contest. It need not be in equal periods, but must total a minimum of 18 hours and be clearly indicated on the log.

Multi-operator stations may operate the full 48 hour contest period.

II Bands and Participation: All bands 3.5, 7.0, 14.0, 21.0, and 28.0 mc can be used but operation is confined to two-way sideband emission only.

III Type of Competition: 1. Single Operator (a) All Band (b) Single Band. 2. Multi-Operator (a) All Band Only.

IV Equipment: Only one transmitter may be operated at any one time, and competitors may use the maximum power permitted under the terms of their license. (Multi-transmitter operation is *not* permitted in this contest.)

V Serial Numbers: The contest exchange will be the usual five figure serial number, RS report plus a progressive three digit contact number starting with 001 for the first contact.

VI Points: 1. Contacts between stations on different continents will count three (3) points.

2. Contacts between stations on the same continent but not in the same country will count one (1) point.

3. Contact between stations in the same country will be permitted for the purpose of obtaining a Prefix multiplier, but will have no QSO point value.

VII Multiplier: The multiplier in this contest will be determined by the number of different prefixes worked. A "prefix" is considered to be the two or three letter/numeral combination which forms the first part of an amateur station call. (W1, WA2, DJ2, DL4, GB2, 4X4, 5A1). Each different prefix may be counted only *once* during the contest.

VIII Scoring: 1. The score for a single band entry will be the total contact points on that band multiplied by the number of different prefixes worked on that band.

2. The score for an all band entry will be the total contact points from *all* bands multiplied by the total number of different prefixes worked on *all* bands.

3. A station can be worked once on each band for QSO point credit; however, prefix credit can be taken only *once* regardless of the band.

4. Those sending in a log for a single band will be eligible for a single band award only. If a log shows more than one band, it will be judged as an all band entry unless indicated otherwise.

5. A station will not be eligible for more than one award.

IX Awards: Certificates will be awarded to the highest scoring Single Operator station in each country and each call area of the United States, Canada, and Australia.

1. For the highest score on each Single band.
2. And for the highest score on all bands.

Certificates will also be awarded to the highest scoring Multi-Operator station in the same areas but

for All band scores only. (Alaska and Hawaii will be considered as separate countries for both scoring and award purposes.)

X Disqualification: Violation of the rules and regulations pertaining to amateur radio in the country of the contestant, or the rules of the contest, or unsportsmanship conduct, or duplicate contacts in excess of 3% of the total made, will be deemed sufficient cause for disqualification.

XI Log Instructions: 1. Indicate a prefix only the *first time* it is contacted.

2. Use a separate sheet for each band and also a tally sheet or report form.

3. All times indicated must be in GMT. And the 18 hour rest period must be clearly indicated.

4. All contestants are expected to compute their own scores. Logs should be checked for contact and prefix duplication and proper point credit before they are submitted. Unscored logs will be used as check logs only.

5. A prefix check list is not only desirable but a *must* for proper contest operation.

6. Make sure name and address is clearly shown on each summary sheet. *PRINT or TYPE.*

7. Each contestant must sign a pledge that all rules and regulations have been observed and that the report is a true one.

8. Official log forms are available from CQ. Send a large-size, self-addressed envelope with sufficient postage to cover your request. If official forms are not available use a duplicate form. The size is 8½ x 11" with 40 contacts to the page. (The same forms used in our World-Wide DX contest can be used.)

9. It is suggested that you send your prefix check-off list along with your log.

XII DEADLINE: All logs must be postmarked *no later* than May 15, 1967. Send logs to: CQ, 14 Vandeventer Avenue, Port Washington, New York 11050. Attention: WW SSB Contest.
